TWO MEETINGS IN ONE

Grimaldi Forum Monte-Carlo, Monaco

Aesthetic & Anti-aging **Medicine European Congress** Focusing on cutting-edge information

with practical applications for the disciplines of medical aesthetics and anti-aging. AMEC is the Largest and Most Interactive Live show in Europe 15 & 16 September.

Practical & Academic training for the aesthetic treatment of the face Post-graduate program catering to you

academic training of high-education level with university diploma 15, 16 & 17 September.

UNIQUENESS IN EDUCATIONAL OPPORTUNITIES

This joint meeting is unique and is the only event that represents a broad spectrum of anti-aging and aesthetic medicine, aiming to bridge the gaps between current education needs and continually evolving technologies.

While the AMEC part hosts over 50 scientific sessions covering trends and updates, VISAGE addresses academic training with scientific and evidence-based practice. Sharing a common vision, the two meetings invite disparate audiences to come together to participate in high-quality scientific programs.

This year, therefore, presents you with the opportunity to participate in a congress that is larger and more vibrant than in the past.

HEAR FROM THE EXPERTS & NETWORK WITH YOUR PEERS

We encourage you to take advantage of this opportunity to meet experts, specialists and colleagues from the field of aesthetic and anti-aging medicine. We anticipate over 2,000 attendees from around the world at this joint meeting.

PERFECT INDUSTRY PLATFORM

The AMEC & VISAGE 2017 joint meeting is also the perfect showcase for industry, with expanding opportunities for networking and branding, representing a great chance to meet with 150 leading companies. You will be also able to update yourself on industry trends, with the array of new products and technologies on display.

Most of all, this joint meeting symbolizes our commitment to improving patient care through professional education. Please come and join us in the enriched environment of this congress. You will leave reenergized and able to provide the best care for your patients.

Dear Friends, Dear Colleagues,

It is our pleasure and privilege to invite you to participate in the 13th Aesthetic & Anti-aging Medicine European Congress (AMEC 2017) on 15 and 16 September, 2017 at the Grimaldi Forum, Monaco.

The theme of the scientific program is **Excellence in Diversity**, and we have an intriguing line-up of **internationally renowned experts** with a diverse set of patients. They will share their experience and knowledge for delivering effective treatments for the most optimal results.

Through its emphasis on diversity, AMEC 2017's program has a new meaningful dimension. The AMEC 2017's strength will lie in differences, not similarities. Participants will have the opportunity to explore the cutting edge developments of the field, while discovering a wide range of new ideas and approaches.

AMEC 2017 will be the most exciting yet, filled with the latest advances and innovations in aesthetic & anti-aging medicine with interactive live demonstrations and practical workshops which can be directly translated into clinical practice. The Scientific Committee has worked tirelessly to create an all-encompassing and engaging scientific program, which is not to be missed.

Apart from the dynamic exhibition showcasing products from **150 leading companies**, AMEC & VISAGE 2017 will

also host the 5th Anti-Aging & Beauty Trophy, where you will witness the recognition of companies with the best products and physicians with the best clinical cases in aesthetics and anti-aging medicine.

We look forward to seeing you in Monaco!

VISAGE

WELCOME MESSAGE

Dear Colleagues,

Following to the tremendous success of the 1st edition of "VISAGE" launched in 2016, we are very pleased to announce the VISAGE 2017 to take place as a joint meeting with AMEC 2017.

Organized in association with the School of Medicine & Institute of Face and Neck (University of Nice Sophia Antipolis, France), VISAGE offers a unique model of a large scale European Academic event dedicated to teaching and training in aesthetic medicine of the face.

Under the direction of Dr. Philippe Kestemont, Prof. Laurent Castillo, Prof. José Santini and Prof. Patrick Baqué, VISAGE introduces the latest and most efficient techniques in facial aesthetics through an extensive practical program & hands-on training.

VISAGE is a postgraduate training program in aesthetic medicine which combines workshops, anatomy laboratory sessions and hands-on tutorials in a clinical setting. An emphasis is put on **practical knowledge and skills** as well as sound knowledge of anatomy and physiology of the superficial structures of the face.

Our mission is to base all our teachings on evidence-based applications, safe practices and methodical guidelines to ensure an ethical and accurate representation of the aesthetic medical specialty.

Established under an innovative learning and teaching format, VISAGE will provide medical practitioners with maximum exposure to the scientific, clinical and industry information necessary to introduce non-invasive aesthetic procedures in their practice.

We look forward to welcoming you to VISAGE 2017.

Yours faithfully, The Scientific and Organizing Committee

STAFF

Each lecturer and tutor has been carefully selected for his or her expertise in the field of non-invasive aesthetic procedures or specific anatomy of the face.

VENUE

Visage takes place in two locations concurrently:
• Grimaldi Forum (10, Avenue Princesse Grace MC 98000, Monaco), for Essential workshops (EWS) on Friday 15 & Saturday 16 September

• Head and Neck Institute (IUFC), School of Medicine, University of Nice Sopria Antipolis for:

Saturday 16 September 2017

Anatomy dissections & Branded workshops (BWS) - Anatomy Laboratory, School of Medicine (28 avenue Valombrose, Nice - France)

Sunday 17 September 2017

Hands-On live injections - Head and Neck Institute (IUFC) (31 avenue Valombrose, Nice - France)

WHY ATTEND "VISAGE"?

- · Gain high quality training
- Attend various modules classes over two days
- Partake in anatomy laboratory and hands-on sessions*
- Receive a University Certificate of Higher Education in anatomy and injections techniques applied to the aesthetic medicine of the face*
- Receive a Certificate of participation delivered by an accreditation institution
- *Reserved only for candidates registered to Visage Full Academic Pass

WHO SHOULD ATTEND "VISAGE"?

The program content was developed specifically for medical doctors and practitioners who wish to understand the science, research and skills underlying the aesthetic medical specialty. Over 450 medical practitioners of various specialties are expected including dermatologist, plastic surgeon, aesthetic physician and others.

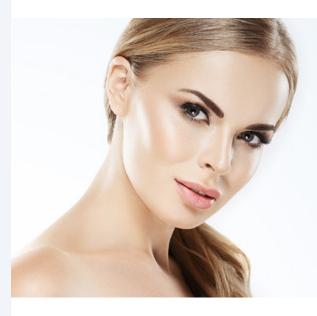

- The 2-day VISAGE theory part is open to all practitioners dealing with or interested in aesthetic treatment of the face (AMEC & VISAGE FULL PASS).
- The Full Academic program (theory and practical parts with anatomy dissection sessions and hands-on injection workshops) are reserved only for «Fully licensed Medi cal Doctors» and «Physicians in course of internship». Upon registration, a justification of qualification will be requested.

REQUIREMENTS FOR OBTAINING THE UNIVERSITY CERTIFICATE

The eligible candidates* must attend:

- 6 «Essential» workshops (EWS1 to EWS6)
- 1 Anatomy session
- 1 Hands-on session
- And pass the examination taken at the end of each obligatory workshop & session
- *Reserved only for candidates registered to Visage Full Academic Pass

Note: University certificate will be delivered only after at the end of the academic year (or around 4-6 months after the result announcement).

"VISAGE" PROGRAM OBJECTIVES

The VISAGE program is constructed to ensure that the participants will:

- Have a thorough understanding of facial anatomy
- Understand the volumetric changes with facial aging, including skeletal, muscular, dermal and subcutaneous tissue changes and how these changes affect the appearance for both genders and all cultures
- Understand facial revolumizing to achieve a natural and youthful appearance
- Understand the pharmacology of various Botulinum Toxins
- Understand the properties of the various facial fillers including autologous fat, cell augmented fat, the various collagens, the various hyaluronans, poly-L-Lactic acid, calcium hydroxyl appetite, and silicone.
- Learn how to choose appropriate fillers for individual aesthetic corrections
- Learn how to perform PRP treatments
- Learn the "Best Practice" injection techniques, products, and volumes for aesthetic correction of global volume loss, temporal hollows, brows, tear troughs, cheeks, nasolabial folds, lips, jowls, pre-jowl depressions, jaw lines, and nasal deformities
- Review the potential adverse events associated with aesthetic use of both botulinum toxins and dermal fillers and effective methods to avoid and treat these complications
- Participate in an interactive session with leading experts on facial treatment with injectables for aesthetic enhancement
- Be proficient in conducting an aesthetic consultation with proven strategies especially for patients seeking for treatment with injectables (understanding patient expectations, predicting clinical outcomes, and effective patient communication on risks and benefits).

DNE 2 ONE

ONE-2-ONE: INTENSIVE LEARNING AND REAL PRACTICE **ONE TUTOR 2 LEARNERS ONE PATIENT**

New learning formula for sharpening your injection skills!

14 September 2017 • Grimaldi Forum, Monte-Carlo, Monaco

INJECTION TRAINING WITH TOP-NOTCH EXPERTS

In response to the phenomenal level of interest and relentless increase in demand for non-surgical, minimally invasive facial aesthetic treatment with injectables, the need for qualified medical treatment skills continues to grow exponentially. This high standard private training with our selected experts represents the best opportunity to meet this demand.

INCREASED CONFIDENCE AND RENEWED ENTHUSIASM

This training is organized in modules of specific zones. Working with real patients under experts' close supervision will increase your confidence and enhance your skills. You will immediately be able to put new learned skills into practice.

BOOST YOUR SKILLS WITH ONE HOUR OF ONE-TO-ONE INTENSIVE LEARNING AND REAL PRACTICE

Each zone-wise module of one hour (two learners for one tutor and one patient) will allow you to sharpen your skills in a specific zone. The tutor provides guidance and support with out loud discussion and intimate interaction, presenting a shift towards learner-centered dynamic. You will enjoy and benefit from this effective learning experience.

60 modules covering 5 zones to choose from*

GENERAL INFORMATION

CONGRESS LOCATION

14 September 2017 • One 2 One 15 & 16 September 2017 • AMEC LIVE & VISAGE Grimaldi Forum - 10, av. Princesse Grace 98001 Principauté de Monaco • www.grimaldiforum.com

The Principality of Monaco is situated on the French Riviera, about 25 minutes from Nice. Its exceptional location allows it to enjoy 310 days of sunshine per year. Monaco's exceptional location, between mountain and sea, its gardens, its athletic and cultural events... all qualities which make it an unforgettable destination.

The Principality offers a wide range of facilities for congresses, having in a radius of 200 metres, several luxury hotels, nights clubs, cinemas, luxury boutiques, and the most famous Casino in the world. In a few words, the astonishing concentration of these points of interest make Monte Carlo the ideal town for the organization of any event combining the useful with the pleasant.

VISA

The passport and visa requirements for persons visiting Monaco as tourists are the same as for France. For further details, contact any French consulate in your country. Official letters which may be necessary in some countries for administrative reasons (VISA) can be sent by email: registration@euromedicom.com. These letters do not engage the congress secretariat to any financial support neither obligation nor responsibility relative to the Visa.

REGISTRATION FORMALITIES

We recommend that attendees plan to have sufficient time to pick up their badges & congress materials prior to the congress, to avoid the missing of a session.

Confirmed Registration & badge retrieval

Each attendee registered in advance will receive a registration confirmation letter by e-mail from the congress office. Please print and bring this letter to the congress at the self-printing kiosks to retrieve your badge. With no confirmation letter or no proof of registration or payment in our system, you will be requested to pay on-site. Any duplicate payment will be resolved after the congress.

On-site registration

The congress registration desk is located inside the Grimaldi Forum at the Diaghilev level.

On-site registration can be time consuming. It is highly advised to register at least 15 days prior to the congress.

Please wear your badge!

Attendees are required to wear their conference badges at all time throughout the meeting. For security reason, no access into the Venue and Congress sessions will be allowed without wearing the badge. This allows us to ensure adequate security for your safety. If you misplace your badge, a 50-euro fee will be charged to replace it.
